

IGUANA GO TO ECUADOR

This program of several tours is a service offered by Hamaca Tropical Tours, enterprise located in Guayaquil. Our offer has tours inside the city as outside.

INSIDE GYE

CITY TOUR BY FEET

It'll start at Iguana's Park, after we'll walk around downtown for admiring monuments, buildings and the nocturnal life of Guayaquil, the biggest city of Ecuador. Time: 2 hours approx.

FLUVIAL TOUR

You can admire the city from the Guayas river in a tour under its "calm" water. Time: 1 hour approx.

CULTURAL NIGHT

Cevallos-Freire Brothers' Artistic show with vernacular music (Pasillos, pasacalles, vales, albazos and more)

Theatrical intermediate of Stalin Pérez, actor of La Mueca Group

ELY's artistic show, guayaquilean artist with repertory of English songs

Time: 3 hours approx.

GYE WEST

Tour along of Salado Mangrove from Salado Pier, through Lineal Park until to Guayarte (A new touristic zone with shows and bohemian life), where we can take a cup of Sangria

Time: 2 hours approx.

OUTSIDE GYE

FULL DAY COCOA BEAN

During the morning, we'll visit a precious farm, where we can learn about the world of cocoa bean, taste and make it.

Time: 6 hours approx.

FULL DAY MILAGRO & MELCOCHA

We'll visit Milagro, "the city of the pineapples", meet its relationship with train and visit an farm where we can make a kind of typical dessert known as Melcocha (raw sugar cane cube). Finally, we'll have the lunch.

Time: 6 hours approx.

FULL DAY WATERFALLS & CRABS

We'll do an interesting running through 7 cold waterfalls of De Aya Hill (aka Cerro de Hayas). After, we'll visit Balao zone for tasting delicious dishes made based of crabs

Time: 6 hours approx.

2D1N WHALES ON ROUTE OF THE SUN

These majestic mammals travel from Antarctic to our warm waters to reproduce. The males whales perform pirouettes to attract females whales in a romantic dance on the sea. We'll star this route from Salinas to Puerto Lopez visiting touristic places as: La Chocolatera, Valdivia, Montañita and Los Frailes beach (aka Galapagos of the continent for its flora and fauna, so similar to archipelago)
